Community

**“CH2 are proud to support
the not for profit sector to
deliver better outcomes to the
wider community”**

With over 80 years experience, CH2 are Australia’s leading integrated distributor & wholesaler of pharmaceuticals, medical consumables, nutritional, OTC, medical equipment & medical supplies. For the past 14 years, CH2 have been supporting Primary Care, Aged and Community Care not for profit members in the medical consumables category.

CH2 understand that the needs of the sector are constantly changing, and to ensure they remain the provider of choice they continuously work in partnership with members and brand manufacturers to meet their requirements. Marnie explains: "Our knowledge and understanding of the sector is at the foundation of our strong relationships and reputation. Our Aged Care and Community team are passionate about the service we provide our residential aged care providers and community clients."

The relationship between, CH2 and CCI has allowed members to feel secure in their decision to use CH2 allowing them to deliver innovative solutions to their communities and save on their bottom line.
