Supplier Case Study

Medical Consumables Delivery

Nathan Winter

Business Unit Manager -
Aged Care & Community

"ParagonCare are proud to support the not for profit sector to deliver better outcomes to the wider community"

The ParagonCare (formally CH2) story has evolved with an 85 year history of providing leading wholesaling solutions to the Australian healthcare industry. Today, ParagonCare is Australia's only truly integrated national pharmaceutical and medical consumables provider. For the past 16 years, CH2 (now ParagonCare) have been supporting CCI's not for profit members operating within Primary Care, Aged and Community Care in the medical consumables category.

ParagonCare understand that the needs of the sector are constantly changing, and to ensure they remain the provider of choice they continuously work in partnership with members and brand manufacturers to meet their requirements. Nathan explains: "Our knowledge and understanding of the sector is at the foundation of our strong relationships and reputation. Our Aged Care and Community team are passionate about the service we provide our residential aged care providers and community clients."

The relationship between ParagonCare and CCI has allowed members to feel secure in their decision to use ParagonCare allowing them to deliver innovative solutions to their communities and save on their bottom line.
