Michelle Cooper

National Account Manager -
Caterers & Institutions

“Tip Top appreciate the opportunity to share our quality products with such important members of the community”

Since the launch in 1958 as the first national bread brand, Tip Top pre-sliced, wrapped bread revolutionised the baking category in Australia. Today, Tip Top Foodservice supplies quality baked goods nationally to aged care, schools, cafes, restaurants, hotels, caterers and more.

Their aim is to offer an unrivalled selection of products, that are not only nutritional and made from quality ingredients, but are value for money, convenient and versatile. By having a supply relationship with CCI for over 15 years, Tip Top Foodservice values the connection with members, allowing the community to enjoy their products.

Michelle says: “Through CCI, Tip Top Foodservice have had the opportunity to directly engage with members, and understand members’ needs and preferences from a bakery partner. Tip Top Foodservice is proud to partner with CCI”.
